Alternative scenic route to The Farmhouse Hotel

For those with an adventurous spirit we can advise a scenic route to The Farmhouse Hotel. This route will take you through the culturally rich town of Darling, to the hidden gems in the West Coast National Park.

Pass through Milnerton and take the **Blouberg** turn off. Follow the road to **Melkbosstrand**. Exit Melkbosstrand onto the R27 and carry on North, direction Velddrif.

Then take the Atlantis turn off and carry on through to **Mamre**. In the flower season you will be treated to beautiful displays of flowers in these farming areas.

You will then arrive in **Darling**, the home to our most treasured comedic icon, Pieter Dirk Uys, who impersonates a fictitious female character, Evita Bezuidenhout, in his very own theatre. Darling attracts artists, poets, actors, restauranteurs, designers and many more eccentric characters. We advise having lunch here and then moving back onto the R27 road on the coast towards Langebaan.

After 6km's, take the **West Coast National Park** turn off and delight in the natural scenery. Stop off at the historical Geelbek restaurant, and enjoy tea at the restaurant.

From the exit of the West Coast National Park, The Farmhouse Hotel is located just after the "Langebaan Gate."
